

## Large Animal ECVS Residency Program

There is a position available for a resident in an official Large Animal ECVS residency program at the Department of Surgery and Anaesthesiology of Domestic Animals, Ghent University, Belgium.

### Prerequisites

- To be a graduate veterinarian of a veterinary college recognised by ECVS and to be licensed to practise in a European country.
- Having completed a recognised 1-year rotating internship or having at least two years of clinical training in a well-equipped multi-person equine practice.
- A basic knowledge of the Dutch language at the start of the program is strongly recommended. A good command of the Dutch language should be obtained within 6 months of the residency program.
- A good command of the English language is essential.

### Program description:

- A detailed program description can be found on the website of the Faculty of Veterinary Medicine (Ghent University): [www.ugent.be/di](http://www.ugent.be/di), under the section "Education and Study".
- The official start of the program is July 30<sup>th</sup> 2010.
- Residents will be evaluated after a 1-year period.

### Applications:

Written applications should be submitted by **May 17<sup>th</sup>, 2010**.

They should consist of:

- a letter with the motivation for participation to the program
- a curriculum vitae + picture of the applicant
- a copy of the diploma
- a proof of internship or adequate pre-residency training
- name and coordinates of 2 reference persons
