

# ***Server administrator (internship)***

## **This is us**

Sparble is a smart application that measures and increases the engagement of teams in large companies by frequently providing personal advice to both employees and their managers. We are a young, fast-growing SaaS start-up in Ghent, Belgium.

Our engaged clients include BEL20 companies, mid-sized companies as well as other scale-ups. To serve our clients even better, we are on the look-out for a server administrator.

## **This is what we offer**

We offer a rewarding internship as a part of an energetic and expanding team with experience in management consulting. We work on a fun location in Ghent complete with nerf guns, a respectable gaming collection and a great atmosphere. We dare to say that our company culture is quite unique, pushing your limits yet keeping it cool! We will get your hands dirty so you can learn as much as possible.

## **This is what you do**

- You prepare our server infrastructure (Digital Ocean) for further growth
- You further expand our set of server security measures

## **This is who you are**

- You are a Linux geek
- You have experience with setting up load balancers
- You have performed penetration tests before
- You are knowledgeable about security standards such as ISO27002
- You are diligent in following security policies
- You are fluent in Dutch or English
- You are a team player with a can-do mindset
- You are based in Belgium (our HQ is in Ghent)
