

Data scientist (internship)

This is us

Sparble is a smart application that measures and increases the engagement of teams in large companies by frequently providing personal advice to both employees and their managers. We are a young, fast-growing SaaS start-up in Ghent, Belgium.

Our engaged clients include BEL20 companies, mid-sized companies as well as other scale-ups. To serve our clients even better, we are on the look-out for a data scientist.

This is what we offer

We offer a rewarding internship as a part of an energetic and expanding team with experience in management consulting. We work on a fun location in Ghent complete with nerf guns, a respectable gaming collection and a great atmosphere. We dare to say that our company culture is quite unique, pushing your limits yet keeping it cool! We will get your hands dirty so you can learn as much as possible.

This is what you do

- You expand our data analysis and insights algorithms
- You think and work together with the IT and Product teams to continuously improve our product

This is who you are

- You have gained experience in Python, R or another data analysis programming language frequently used in the industry
- You have worked on data analysis and machine learning projects.
- You are fluent in Dutch or English
- You are a team player with a can-do mindset
- You are based in Belgium (our HQ is in Ghent)
