

| Title | Name student | Year of publication | Supervisors Faculty of Veterinary Medicine | Country |
|--|---------------------------|----------------------------|--|----------------|
| The potential of zooprophyllaxis and repellents against the insecticide resistant Anopheles arabiensis malaria vector in Ethiopia | Gutto, Abebe Asale | 2017 | Duchateau, Luc | Ethiopia |
| Epidemiology of equine herpesviruses (EHVs) in Ethiopian equids and invasion characteristics of EHV-1 and EHV-3 in respiratory and genital mucosae | Haileleul Negussie-Dubale | 2017 | Hans Nauwynck | Ethiopia |
| The role of domestic animals in the transmission of soil-transmitted helminth infections in humans | George Santosh | 2017 | Geldhof Peter / Levecké Bruno | India |
| Epidemiological transmission patterns of Taenia solium cysticercosis in endemic areas : the case of Ecuador | Coral Almeida, Marco | 2016 | Dorny Pierre /Sarah Gabriël | Ecuador |
| Considerations regarding the feed-food competition between man and chicken | Pauwels, Jana | 2016 | Janssens Geert | ??? |
| Exploring the modes of action of xylanase in broiler chickens | Khadem, Alireza | 2016 | Janssens Geert / Ribeiro Alves Lourenço, Marta / Delezie Evelyne | ??? |
| Evaluation of the abundance of tsetse flies and trypanosome infections with a case study in Ethiopia | Duguma Abdi, Reta | 2016 | Duchateau, Luc | Ethiopia |
| Nutritional strategies to cope with mildly elevated water temperature in fish | Ararame, Fikremariam Geda | 2016 | Janssens Geert | Ethiopia |
| Water-borne transmission of Cryptosporidium and Giardia in Belgium and Bangladesh | Ehsan Md. Amimul | 2015 | Claerebout Edwin / Levecké Bruno | Bangladesh |
| The burden of zoonoses in Nepal | Devleesschauwer, Brecht | 2015 | Dorny Pierre / Duchateau Luc | Nepal |

| | | | | |
|--|--------------------------|------|--------------------------------|--------------|
| Proteomic analysis of Taenia spp. excretion/secretion proteins : the search for Taenia solium-specific diagnostic antigens | Victor, Bjorn | 2014 | Dorny Pierre / Sarah Gabriël | Belgium |
| Seroepidemiology of Toxoplasma gondii infection in women of child-bearing age, sheep and goats, and molecular characterization of animal isolates in Central Ethiopia | Gebremedhin, Endrias | 2014 | Dorny Pierre / Cox Eric | Ethiopia |
| The epidemiology of trichinellosis in northern Vietnam | Vu Thi, Nga | 2014 | Dorny Pierre / Sarah Gabriël | Vientam |
| Trypanocidal drugs and the problem of drug resistance in West Africa | Vitouley, Séna Hervé | 2014 | Dorny Pierre | |
| Assessment of cell based therapies for cutaneous wound healing in rabbits and horses | Borena, Bizunesh Mideksa | 2014 | Duchateau Luc | Ethiopia |
| Detection and magnitude of Trypanosoma congolense chemo-resistance associated with livestock owners drug use perception in Ghibe valley of Southwestern Ethiopia | Gemechu, Moti Yohannes | 2014 | Duchateau Luc | Ethiopia |
| Improving the control of soil-transmitted helminthiasis in school children in Jimma Town (Ethiopia): determining efficacy of anthelmintic drugs and developing diagnostic strategies | Mekonnen Kurmane, Zeleke | 2014 | Levecke Bruno/Vercruysse Jozef | Ethiopia |
| Trypanosomosis risk factors and impact assessment of a tsetse and trypanosomosis eradication campaign in Burkina Faso | Sow, Adama | 2013 | Dorny Pierre | Burkina Faso |
| Modeling the effect of distance from a hydro-electric dam on malaria incidence based on frailty and mixed Poisson regression models | Kifle, Yehenew Getachew | 2013 | Duchateau Luc | Ethiopia |

| | | | | |
|--|---------------------------|------|------------------------------------|----------|
| Trace elements in zebu cattle : status and impact: the case of the Gilgel Gibe catchment, Ethiopia | Dermauw, Veronique | 2013 | Janssens Geert | Ethiopia |
| Toxoplasma gondii, a successful and underestimated foodborne parasite: development of detection methods and their use for the screening of animal reservoirs | De Craeye, Stéphane | 2012 | Dorny Pierre | ?? |
| Domestication of the trypanosome transmission cycle and its effect on the level of drug resistance, transmissibility and virulence of Trypanosoma congolense | Chitanga, Simbarashe | 2012 | Dorny Pierre | Congo |
| The epidemiology of zoonotic fasciolosis in Central Vietnam | Nguyen Thi, Giang Thanh | 2012 | Dorny Pierre / Vercruysse Jozef | Vietnam |
| Insights into the epidemiology of enteropathogens of young pigs raised in Cuban piggeries | Pedro de la Fé Rodriguez | 2012 | Bruno Goddeeris / Eric Cox | Cuba |
| Insecticide resistance in the malaria vector Anopheles arabiensis (Diptera: Culicidae) and impact of | Gebre, Delenasaw Yewhalaw | 2012 | Duchateau Luc | Ethiopia |
| An epidemiological study of human tapeworm infections in the Eastern Province of Zambia | Kabemba Evans Mwape | 2012 | Pierre Dorny, S. Gabriël (at UP) | Zambia |
| TSOL18 vaccine of Taenia solium: development of monoclonal antibodies and field testing of the vaccine in Cameroon | Assana, Emmanuel | 2010 | Dorny Pierre | Cameroon |
| Effect of nutritional stress on the tsetse fly's vector competence and its implications on trypanosome transmission in the field | Akoda, Komlan | 2009 | Dorny Pierre / Van den Abbeele Jan | ?? |
| Serological markers for improved diagnosis of porcine cysticercosis | Deckers, Nynke | 2009 | Dorny Pierre / Vercruysse Jozef | Belgium |
| The epidemiology of livestock trypanosomosis in trypanosomosis endemic area of Eastern Zambia | Simukoko, Humphrey | 2009 | Vercruysse Jozef | Zambia |

| | | | | |
|---|---|------|-------------------------------|----------|
| Rhipicephalus appendiculatus/zambeziensis complex from southern and eastern Zambia: genetic and phenotypic diversity related to the associated variation of the epidemiology of bovine theileriosis | MTAMBO, Jupiter | 2008 | Dorny Pierre | Zambia |
| The epidemiology of Theileriosis in Rwanda and implications for control | Bazarusanga, Thomas | 2008 | Vercruyse Jozef | Rwanda |
| TO CHECK | Rendon Zarate Alexis Daniel Yisehak Kechero Belay Duguma Biruk Kebede Tokuma Negisho | | Peter Geldhof | Ecuador |
| Serological diagnosis of soil transmitted helminths in schoolchildren of Jimma town (Ethiopia): Its role to determine epidemiology and impact of control programs | Dana Daniel | | Bruno Levecke / Peter Geldhof | Ethiopia |
| The validation of diagnostic tools to monitor effectiveness of drugs and spread of anthelmintic resistance in Ethiopia | Ayana Mio | | Bruno Levecke / Pierre Dorny | Ethiopia |
| Reducing the STH re- infections through unraveling transmission routes and development of complementary control strategies | Tadege Bamlaku | | Bruno Levecke | Ethiopia |
| Mapping and monitoring of soil-transmitted helminthiasis at country level in Ethiopia, Gemechu Tadesse | Tadesse Gemechu | | Bruno Levecke / Pierre Dorny | Ethiopia |
