

# Teletijdcafé – Ugent – Faculty of Engineers/Architects

Brainstorm - What will the labour market expect in 2050?

12/1/2023

# Engineer of the futur

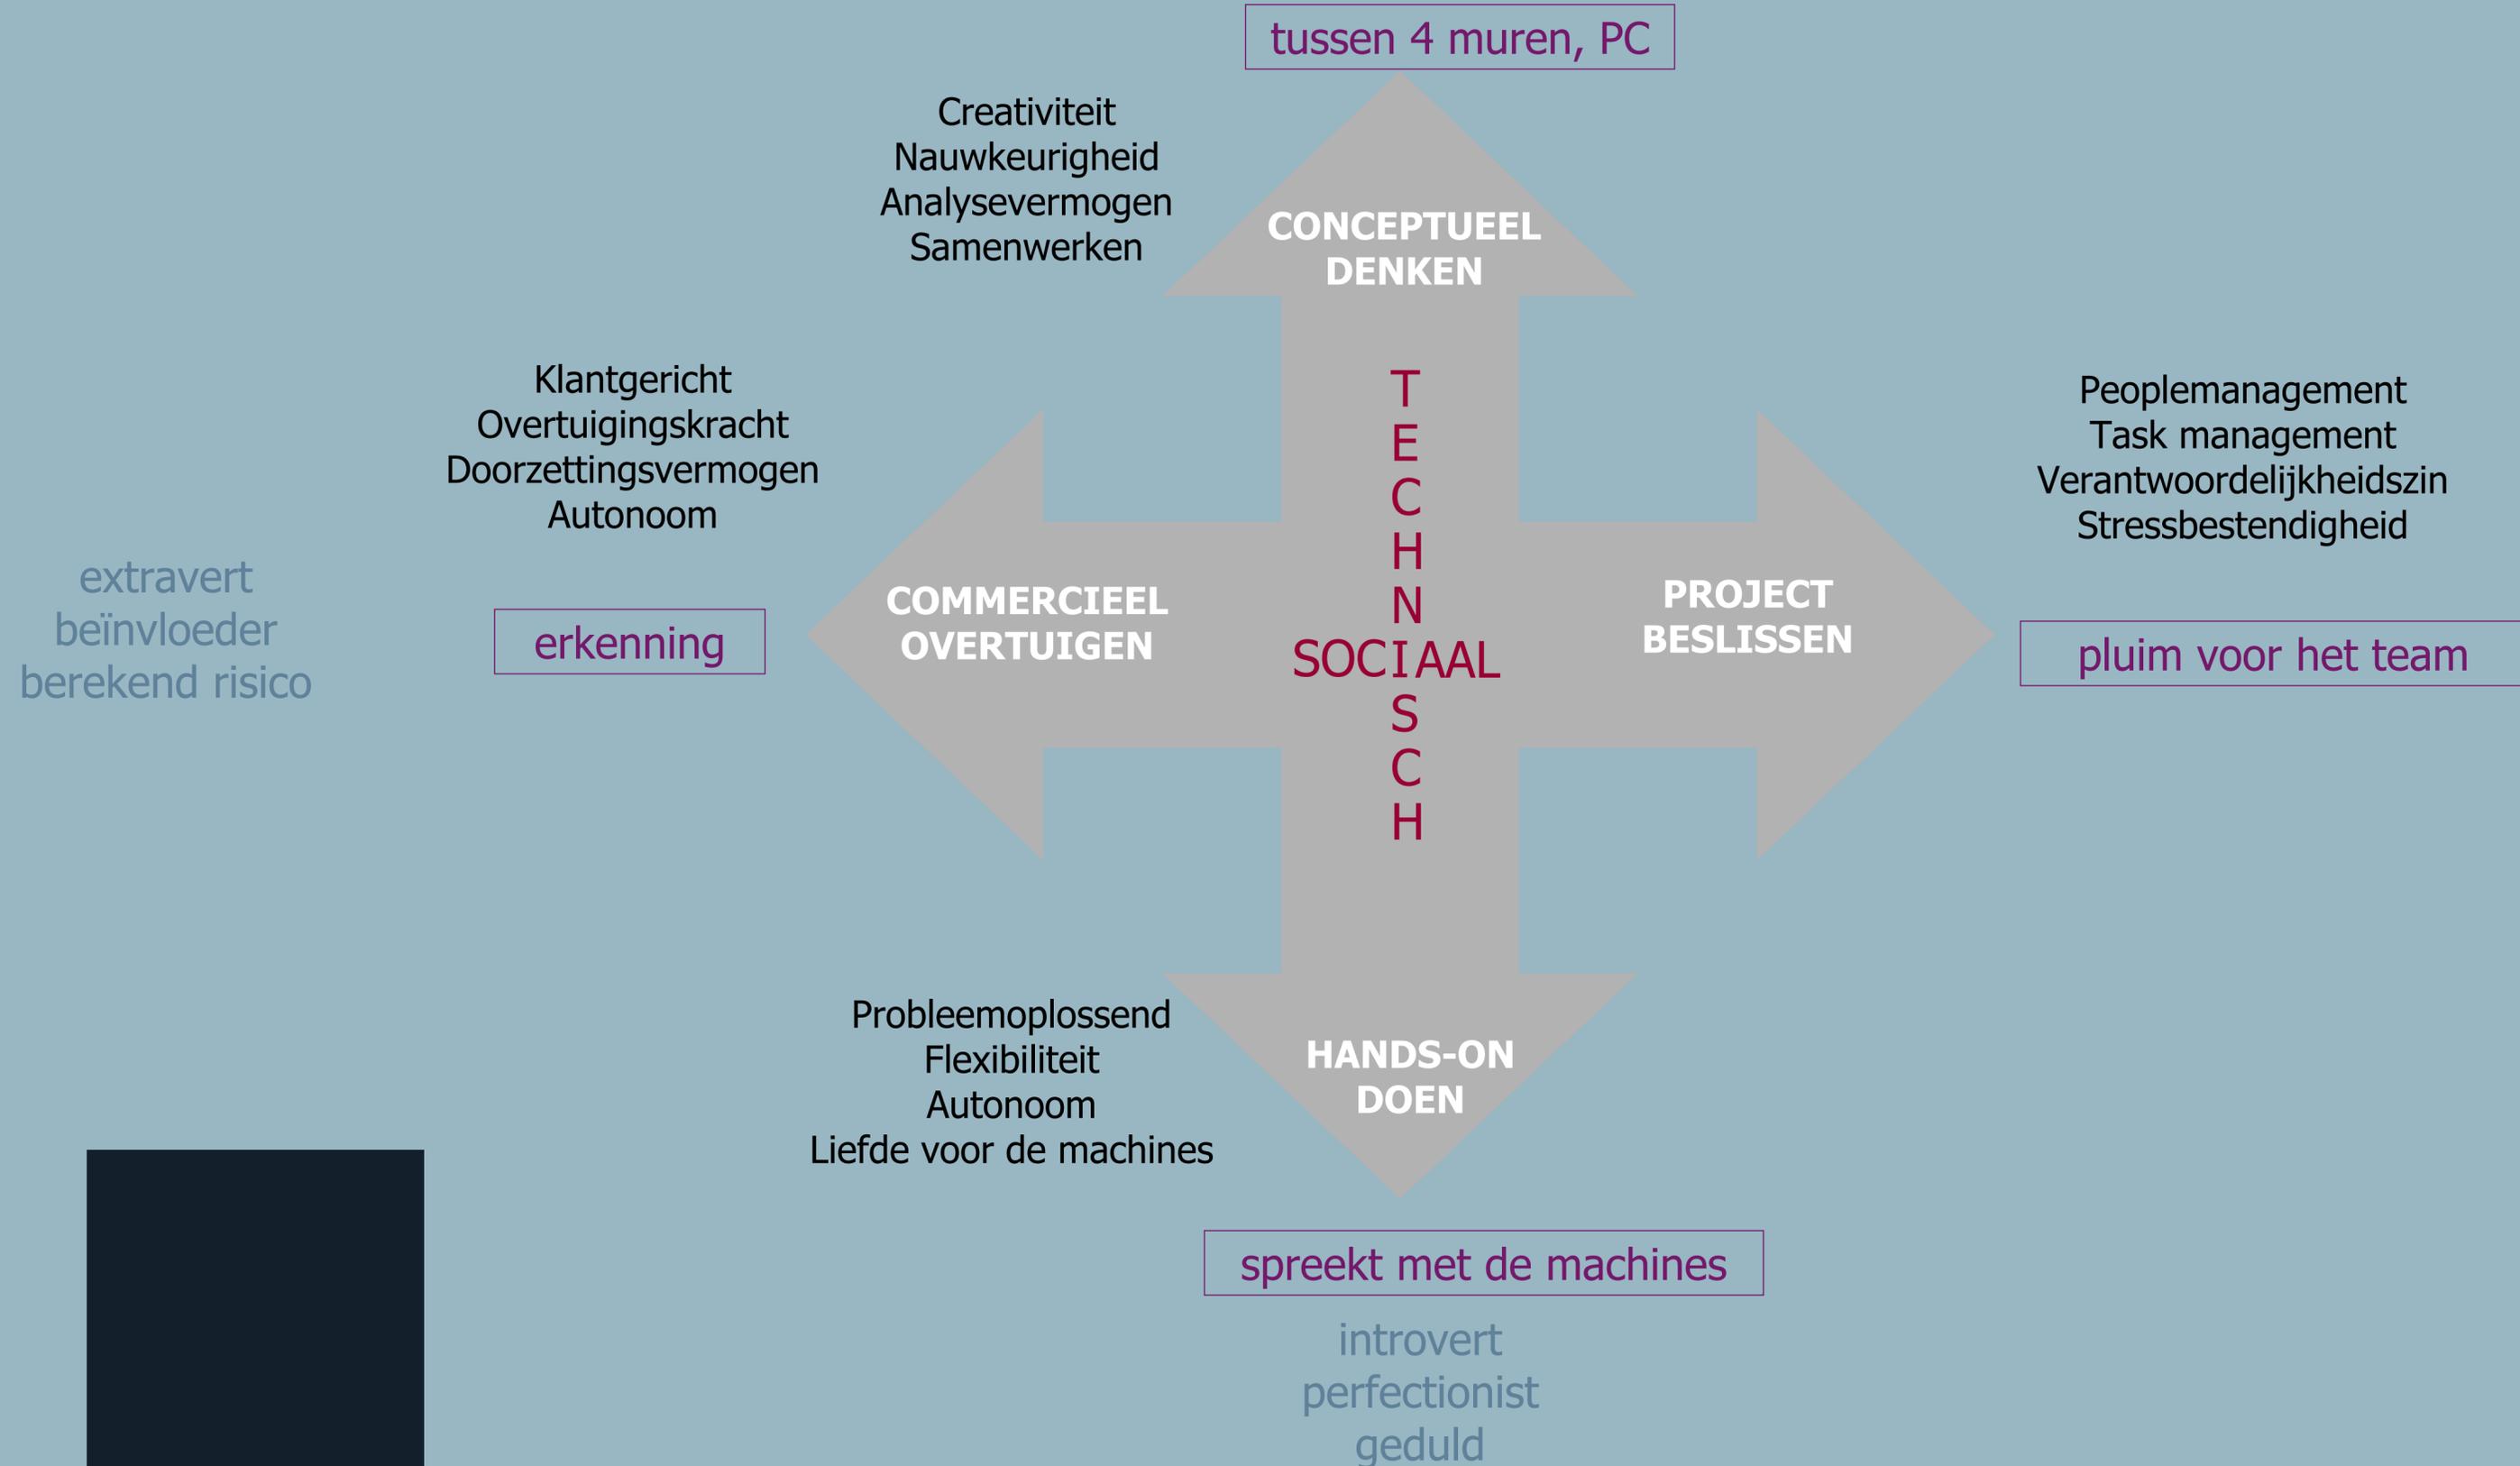

Roles known as by now

Roles of the futur – who knows them all?

What kind of interactions will an engineer have to manage?

Technical “<>” or “and” Human

# What will the labour market expect in 2050?

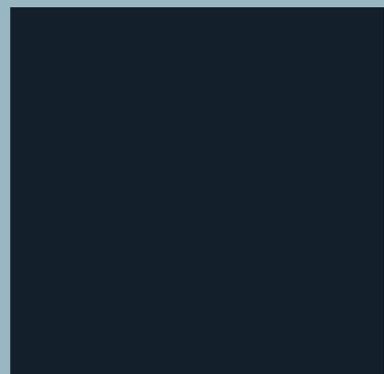

# What will the labour market expect in 2050?

## “Ingredients” of an/the engineer

- Personality
  - extravert – introvert
  - task oriented – relation oriented
- Competencies: hard (technical) / soft (human)
  - Communication
  - Teamwork
- Shortage of engineers => how to collaborate with others (support, lower technical profiles, ...)
- Connection university – labour market
- Lifelong learning attitude, rapidly evolving technologies
- ...

Thanks for your  
attention and  
opening the  
discussion.
