

## ***Laravel developer (internship)***

### **This is us**

Sparble is a smart application that measures and increases the engagement of teams in large companies by frequently providing personal advice to both employees and their managers. We are a young, fast-growing SaaS start-up in Ghent, Belgium.

Our engaged clients include BEL20 companies, mid-sized companies as well as other scale-ups. To serve our clients even better, we are on the look-out for a Laravel developer.

### **This is what we offer**

We offer a rewarding internship as a part of an energetic and expanding team with experience in management consulting. We work on a fun location in Ghent complete with nerf guns, a respectable gaming collection and a great atmosphere. We dare to say that our company culture is quite unique, pushing your limits yet keeping it cool! We will get your hands dirty so you can learn as much as possible.

### **This is what you do**

- You build the back-end for our new product features
- You further craft our analytics services
- You support our continuous refactoring efforts of existing features
- You think and work together with the IT and Product teams to continuously improve our product

### **This is who you are**

- You have gained experience in Laravel and know your way around its ecosystem
- You try to future-proof your code and writes tests where appropriate
- You are used to working with a version control system
- You are fluent in Dutch or English
- You are a team player with a can-do mindset
- You are based in Belgium (our HQ is in Ghent)
