# Day 1- International Conference on Clinico-Histopathology

Van Clinico-histopathology conference · 7 november 2012 · Genomen in Calmette Hospital

# Doctor's 'Crazy' Dream Comes True with Cambodia's New Cancer Care Facility

Miklos Gaspar, IAEA Office of Public Information and Communication

To assure and maintain the standard of radiotherapy, the NCC has been actively collaborating with the international community such as IAEA, Australia, Belgium, France, New Zealand and the United States. These partners have been involved in building up human resources, advice regarding building construction and machine selection, and technical assistance in machine installation and commissioning.

# PROJECT PROPOSAL JIMMA UNIVERSITY , JIMMA UNIVERSITY MEDICAL CENTER : CLINICAL SCIENCES

# GASTRO-INTESTINAL ONCOLOGY

---

- Surgery is the main option in solid tumors in Jimma University Hospital
- Surgery will take part in the multidisciplinary approach of cancer in Jimma University Hospital , due to the upstart of radiotherapy and medical oncology on place
- **Endterms :**
- Adapt surgical skills ( specialisation ) and strategy ( multidisciplinary guidelines ) to the new approach
- Clinical research on most common oncologic pathology and treatment strategies in Jimma

- 
- 4 years **Joined PhD** for

Gastro-intestinal (GI)surgery partim Upper GI

Anesthesia ( starting level : masterstudents in anesthesia )

Gastro-intestinal surgery(GI) partim colorectal surgery

**for 3 months (4 years)**

**Endterms :**

certification of gastro-intestinal skills for GI oncologic surgery ( open and laparoscopic) / anesthesia : inhalation and locoregional techniques , paintherapy , ICU monitoring) in patients with long and invasive oncologic surgery / able to perform the most common endoscopy )

starting with a certificate of the Ugent , leading to a curriculum of visceral surgeon recognized by the Health Authorities of Ethiopia

certified knowledge about guidelines and strategy in the most common gastro-intestinal cancers in Jimma region

joined PhD on clinical research on treatment of gastro-intestinal tumors eg influence of introducing loco-regional techniques of anesthesia on opioid need in paincontrol , role of Helicobacter pylori in upper GI malignancies in Jimma region , shift of resectability of GI tumors after training , analysis of need of laparoscopic surgery in acute abdomen in Jimma

# PROMOTORS

---

- 2 young **Ugent** promoters ( for each speciality one) mentored by Prof Piet Pattyn (surgery) , Prof Luc De Baerdemaecker ( anesthesia ) coming once a year when their fellows are in Jimma ; side-to-side practice in decision making and handson by making a team (SIP)
- 2 promoters from **Jimma** University Hospital for surgery ( Dr PhD Esayas Kebede and Dr Daniel Getachew), anesthesia (XXX), having a shortstay research stay at Ugent (Global Minds) each year when their PhD students are in Gent.

Gerhard Richter (Dmitri Matkovsky)
