

Vietnam: Can Tho University (CTU)

Coördinatie

Coördinerende Vlaamse Universiteit	UGent
Vlaamse coördinator	Prof. P. Sorgeloos
Periode	1998-2007

Projecten en Vlaamse projectleiders in de tweede fase (2003-2007)

<i>Education</i>	
1. Distance education	Prof. M. Valcke (UGent)
2. Development of Engineering Curricula 3. Environmental Engineering 4. Mechanical Engineering	Prof. G. Wyseure (K.U.Leuven) Prof. J. De Baerdemaeker (K.U.Leuven)
<i>Research</i>	
1. Artisanal pond production of Artemia: study of soil and nutrient interactions, selection of new species, improved extension services	Prof. P. Sorgeloos (UGent)
2. Selection and propagation of valuable fruit tree varieties in the Mekong delta by asexual reproduction methods	Prof. G. Gheysen (UGent)
3. Studies on tropical plant-microbe interactions and development of molecular techniques for detecting pathogens in valuable trees	Prof. M. Holsters (UGent)
4. Microbial management in aquaculture - Mud crab larviculture as a first test-case	Prof. W. Verstraete (UGent)
5. Food preservation and processing of fruit	Prof. M. Hendrickx (K.U.Leuven)
6. Development of an appropriate enzyme technology for food production	Prof. E. Van Driessche (VUB)
7. Management on physical and chemical soil fertility degradation of major soil types for agricultural sustainable production in the Mekong delta	Prof. R. Merckx (K.U.Leuven)
