

VIRTUAL COURSE / 1 WEEK ON SITE IN GHENT

ENLIGHT INTERNATIONAL MODULE TEACHER EDUCATION

In the perspective of current and future challenges in European classrooms, this course is aimed at student teachers and will discuss two challenges related to global citizenship in education: (1) dealing with diversity in education and (2) inclusive education. The course will use challenge-based learning as an engaging multidisciplinary approach.

After completion of the module you will have acquired knowledge about global citizenship. You will master the skills to understand global citizenship and take action.

Students apply at their home university. The application deadline at Ghent University to enrol for the module is 15 November 2023.
