

PhD leaflet

The Faculty Doctoral Committee introduces from the 1st of October 2018 the obligation to provide a PhD information leaflet for the public defense of each doctorate. With this, the doctoral committee wants to meet the objective of communication and visibility formulated in the strategic research policy plan of the Faculty of Medicine and Health Sciences (period 2018-2022). This PhD information brochure will contain a popularizing summary that should be understood by the general public. In addition, the pursuit of ecological sustainability is also met, since it will no longer be necessary to make the complete thesis available to the public.

For this brochure please respect the **UGent Style Guide**:

https://styleguide.ugent.be/files/uploads/flyer_UGent_GE.zip

Minimum content required for this PhD information brochure:

- UGent logo
- Faculty logo
- Title PhD
- First name and name
