Le débat belge relatif au “Corporate Governance”

Eddy WYMEERSCH

Abstract

En Belgique, comme dans la plupart des autres pays européens, le débat sur le “corporate governance” a attiré beaucoup d’attention. En fait, cet intérêt pour l’équilibre des rapports de force au sein des sociétés n’est pas récent. Le noeud du débat belge sur le “corporate governance” se situe essentiellement dans les matières qui touchent au contrôle des sociétés, essentiellement au sein les sociétés cotées en bourse. Un second ingrédient essentiel dans ce débat concerne la place plus importante occupée par les marchés de valeurs mobilières dans le fonctionnement des sociétés
