

The Voice of the Internet in Belgium

## **Dissertation prize – ISPA presents the 2019 Internet Student Paper Award**

### **Compete for the I.S.P.A.!**

Have you written a dissertation on an Internet-related topic? Have you developed a revolutionary piece on Internet technology? Have you done in-depth research on a critical legal aspect? Have you reflected on the challenges of Internet governance? Then do not hesitate to compete for the third Internet Student Paper Award, or I.S.P.A.!

### **Why participate?**

- An opportunity to impress the Belgian Internet sector with your research
- The winning dissertation will be published on our website
- The laureate receives €1000

### **How can I participate?**

Summarise your findings in an attractive and accessible article of maximum 2500 words. Feel free to add some pictures and graphs. Send your summary and your dissertation to [info@ispa.be](mailto:info@ispa.be) on September 30<sup>th</sup>, 2019 at the latest.

### **What is ISPA?**

The Internet Service Providers Association (ISPA) brings together not only access and service providers but also hosting and transit providers in Belgium. ISPA aims to serve as a rallying point for the Internet industry so as to ensure that the potential of the Internet is used to the full, from the point of view of both consumers and professionals.

### **Questions?**

Should you have any further questions, do not hesitate to contact us at [lara@ispa.be](mailto:lara@ispa.be).
